

Creating Animations

Key:

<i>i</i> – skill is introduced	<i>r</i> – skill is reinforced	skill is used independently
--------------------------------	--------------------------------	-----------------------------

Creating -Animations	ES1	Stage 1		Stage 2		Stage 3	
Introduce simple animation – Power Point	K	1	2	3	4	5	6
Use Power Point to animate an item		i	r				
Create slide		i	r				
Insert shapes		i	r	r			
Group shapes			i	r			
Import images			i	r			
Manipulate images		i	r	r			
Create a background		i	r				
Import background			i	r			
Insert clip art		i	r				
Ordering objects and perspective			i	r			
Adding duplicate slides			i	r			
Moving objects consistent distance			i	r			
Use animation tools		i	r	r			
Apply transitions			i	r			
Use loops & timing			i	r			
Save as ppt/pptx/wmv			i	r			
Animation - DoInk	K	1	2	3	4	5	6
Become familiar with interface		i	r				
Draw images		i	r				
Import images			i	r			
Animate images using onion skin technique (1)				i	r		
Save in gallery		i	r				
Create background			i	r			
Create a composition			i	r			
Animate images using key frames (2)				i	r		
Save/export		i	r				
Animation - Pivot	K	1	2	3	4	5	6
Investigate interface		i	r				
Investigate creating backgrounds				i	r		
Manipulate figures		i	r				
Create figures/objects		i	r				
Create movement – using onion skin technique		i	r				
Manage speed				i	r		
Saving as .piv		i	r				
Saving as .gif				i	r		
Rendering as a movie				i	r		
Adding sound						i	r
Animation – online programs	K	1	2	3	4	5	6
Creates an animation using <u>picasion</u>				i	r		
Creates an animation using <u>abcya</u>	i	r
